To whom it may concern:

John Jones began serving as a member of the All-College Scholarship Committee in January of 2022. John's involvement in the committee entailed reviewing student applications for number of unique scholarship opportunities to be awarded in the 2022-2023 academic year. John was able to complete all assigned reviews in a timely and professional manner. John was a valuable addition to the committee this past year and I would welcome his continued involvement.

Sincerely,
